

Who are we?

The group is led by specialist teachers and support staff at Priestley Smith School for parents and carers who have children with a visual impairment.

What do we do?

We are a relaxed and flexible group providing an opportunity for parents and carers to chat and meet other families. Children can engage in visually stimulating activities in a specialist environment.

Sessions are planned based on the needs of families. They include singing, craft tasks and 'messy play.'

During sessions we will have full use of a nursery suite, play area with outdoor equipment, sensory garden and sensory room.

Who might you meet?

Other children with visual impairment, parents and professionals including Specialist Teachers and Habilitation officers who can give support and advice about :

Disability Living Allowance

Sight registration

Future school placements

Independence skills

(getting around, physical care, feeding and toileting)

How will I get there?

Transport opportunities are available including Ring and Ride.

Please call for further information.
